DISCLAIMER

No responsibility is taken for inaccuracies in this map that involve topographical features. Topographic features were deemed to be correct at the time of compilation. Some distortion may occur during printing, especially if the print is larger than standard A3 paper size.

Personal interpretation has been used in many areas, in particular, the "single tracks" and low vehicular use "dual track".

Any errors, alterations or new features that are found during using this edition should be noted and recorded. It would be greatly appreciated if any alterations or new features can be forwarded to :

Edition 2 - May 2007

This map has been created for the benefit of ALL users of Willans Hill Reserve - The Bush walkers, Dog Owners, Joggers, Orienteers, Mountain Bikers or whoever. The trails and features were deemed to be correct at the time of compilation, although it would be naive to think that it is 100% correct. The data used was obtained from the above mentioned sources and from a lot of Dog walking, running and mountain biking over the last 30 years ... and I've even organised a round of the NSW & Australian Rally Championship to run over it! I would ask all users to respect the rights of everyone who uses this reserve and not to take matters into your own hands and give way to others as common "Trail Etiquette" suggests. As residents or as visitors to the City of Wagga Wagga, we are extremely lucky to have an area like this that is in town and so close to our homes.

The trails and tracks that have no "government gazetted" names, have been named in accordance with features and incidents relevant to the area where they lie. If you have a better name or a more well known name, please let me know.

Please obey all of the signs that have been placed for your benefit. Don't dump your rubbish here, don't set traps for the users that you dislike, clean up after your dog where necessary and ... if I can't ride my Motorcycle here ... or test a Rally Car ... then neither can you!

If you use it ... don't abuse it ... or we'll probably lose it!

Greg Day
 Wagga Wagga City Council
 Concerned yet average MTB Rider, Runner and Dog Owner
